Dear PMI Member,

Time is running fast and we are getting closer to our annual congress, the **PM Fair 2017**. The PM Fair team is very excited about it and is working hard to give you a very valuable and memorable experience during this very special event.

Our content team has received many proposals from speakers around the world and they will select the best for you. They have already finalized the two very special keynote speakers who will give you a deep insight on project management from their own perspective. They are **Jan Verheyen** and **Harley Lovegrove**.

**Jan Verheyen** is one of the Belgium's most famous movie directors, renowned for "Alles Moet Weg", "Het vonnis", "Team Spirit", "Vermist", "Dossier K." etc... He has also authored two books and appeared on multiple TV and radio shows.

Jan will demonstrate "**Project Management in Film-making**" in a clear, comprehensive and exciting way with real examples from his legendary movies.

Lights! Camera! ... Action!

**Harley Lovegrove** is an expert in change, program and project management and is well-known for his highly entertaining and motivational speeches.
